Foreign payment	t operations – definition of terms
SEPA payment	A SEPA payment is any payment in EUR currency meeting the following conditions: – it contains the correctly entered IBAN (International Bank Account Number = international account number) of the beneficiary – "SHA" fee management (shared = the originating bank's fees are paid by the sender and the beneficiary bank's fees are paid by the beneficiary) – it contains no requirements for special processing methods – it is executed only between banks participating in the SEPA scheme and in EEA Member States and other countries that have voluntarily acceded to SEPA rules (e.g. Switzerland, Monaco and San Marino) The Bank provides the SEPA Direct Debit service only for EUR accounts.
SHA fees	The payer pays the fees required by the payer's bank, and the beneficiary pays the other fees. For outgoing payments, additional fees of intermediary banks may be debited from the payer for sums lower than the allowed minimum set on an individual basis by intermediary banks and for manual processing due to instructions incorrectly entered by the payer.
BEN fees	The beneficiary pays all fees (fees required by the payer's bank and those required by the beneficiary's bank). For outgoing payments, additional fees of intermediary banks may be debited from the payer for sums lower than the allowed minimum set on an individual basis by intermediary banks and for manual processing due to instructions incorrectly entered by the payer. Please note that assignment of the BEN fees is not enabled under the legislation in force with regard to non-conversion payments and EEA payments denominated in an EEA currency, hence the Bank will switch it to the SHA fee assignment.
OUR fees	The payer pays all fees (fees required by the payer's bank and those required by the beneficiary's bank). For outgoing payments, additional fees of intermediary banks may be debited from the payer for manual processing due to instructions incorrectly entered by the payer.
NON-STP	 The surcharge is applied to each foreign payment, cheques excepted, in the following cases: Payments when the beneficiary's IBAN is required (such as payments in the EU and EEA); or the beneficiary's name or another mandatory information requested by the beneficiary's bank or, respectively, by the correspondent bank while this required detail is either missing or has been stated incorrectly; Payments when the beneficiary's bank BIC (i.e. SWIFT address) is required (such as payments in the EU and EEA), while the beneficiary's bank BIC is either missing or has been stated incorrectly (including SEPA payments); Payments in the EEA and denominated in an EEA currency subjected to the "BEN" management of fees (the Bank will change the fee management to "SHA"); Request for a special processing method has been made: we understand such special requests as including the use of either (i) another code word than that defined by the Bank, or (ii) a code word based on which the order is processed as a NON–STP payment, or (iii) a code word entered through direct or electronic banking in a format differing from the prescribed one. The following are the defined code words that do not trigger the NON–STP surcharge application: /RATE/, /VALUE/, /AVIZO/, /CHQB/, /ABA/, /KS/, /VS/, /SS/ (only for CZK denominated transfers in the Czech Republic). These are payments to/from high-risk third countries. The current list of countries is available on the portal of the Financial Analysis Office (FAÚ) fau.gov.cz – List of high-risk third countries.

13.1 Personal accounts (continued)

How we charge our accounts:

For our currently offered accounts, each client can obtain free-of-charge account maintenance, subject to compliance with the determined conditions – age, noncash credit turnover on the account or total volume of deposits. The monthly account maintenence fee is charged only in the event of non-compliance with these conditions in the previous month. For example, the monthly fee for January takes into account compliance with the specified conditions for January. If the free-of-charge maintenance conditions are not met, the fee is charged at the end of February.

Credit turnover includes noncash incoming payments (wage, pension, allowance, etc.), except the following transactions: cash deposits made through an ATM and at the bank's cash desk, incoming payments from current accounts of the same owner, incoming payments from savings accounts of the same owner, transfers between accounts of clients within TANDEM, transfers from term deposits to a current account, credit transfers from credit accounts to the credit of a current account, accrued interest, refunds of fees, cancellations of card transactions and funds credited on the basis of the repurchase of mutual funds.

The balance is determined as a sum of all deposits of the client – individual non-entrepreneur on current accounts, savings accounts, promissory notes, term deposits, own bonds with UniCredit Bank, as well as the current value of funds invested through UniCredit Bank in investment life insurance and unit trusts offered by UniCredit Bank.

¹⁰ In the Partners network, DETSKÉ konto is sold under the name Bublikonto, U konto under the name Partners U konto and, U konto TANDEM under the name Partners U konto TANDEM. If this condition is not met, the fee is debited from the accounts of both clients in TANDEM. If one of the clients cancels the U konto TANDEM or changes the U konto TANDEM to another type account/product, the bank automatically changes the U konto TANDEM of the other client to U konto under the currently valid conditions referred to in this Price List.
