## **Cover Pool** UCBCS's Cover Pool Features – General Information on Legal Framework

#### AMENDMENT OF CZECH LEGAL FRAMEWORK

• From 4 January 2019 an amendment to the Act No. 190/2004 Coll., Bonds Act, came into effect and brought new regulation to the mortgage covered bonds issued after such date (New Legal Framework)

#### **OPT-IN INTO NEW LEGAL FRAMEWORK**

- As of 15 June 2020 (Effective Date) UCBCS arranged so called *"opt-in"* based on which all terms and conditions of all mortgage covered bonds issued before the Effective Date (Covered Bonds) have been harmonized with the New Legal Framework
- Since Effective Date the Covered Bonds, including all related rights and obligations of the bondholders, are completely governed by the New Legal Framework
- UCBCS maintains the only one Cover Pool which is a ring-fenced pool of assets designated by UCBCS to constitute cover in respect of the Covered Bonds

#### IMPLEMENTATION OF THE EU COVERED BOND DIRECTIVE INTO CZECH REGULATORY FRAMEWORK

- From 29 May 2022 an amendment to the Act No. 190/2004 Coll., Bonds Act, came into effect implementing the EU Covered Bond Directive into Czech covered bond regulatory framework. New requirements including the obligation for the covered block regulatory permission were set into Czech legal framework
- UCBCS obtained the regulatory permission for its covered block and cover pool from the Czech National Bank on 23<sup>rd</sup> September 2022

#### DECLARATION OF UCBCS IN RELATION TO COVER POOL

• UCBCS covenants to ensure over-collateralisation level at least equal to 10%, i. e. the aggregate nominal value of all cover assets included in the cover pool must represent at least 110% of the aggregate value of all debts covered by such cover pool (statutory minimum level is set on 102%)

#### ASSETS

- Retail residential mortgage loans secured by properties located in the Czech Republic and Slovakia
- Commercial loans secured by properties located in the Czech Republic and Slovakia
- However, the Slovak loan portfolio consists of an additional volume of loans secured by residential properties which do not qualify for the Slovak regulatory Cover Pool but the Czech legislation recognizes them as eligible. These loans have been also registered to the UCBCS's Cover Pool on the ongoing basis since June 2015
- The amount of Covered assets is calculated as total of balance of mortgage loans adjusted by the applicable LTV cap according to the type of the mortgage loan

#### LTV

- The LTV Ratio of the CRR Residential Mortgage Loan does not exceed 80% and if it exceeds such threshold, the part of the Nominal Value of such CRR Residential Mortgage Loan exceeding the LTV Ratio of 80% is disregarded to such extent
- The LTV Ratio of the CRR Commercial Mortgage Loan does not exceed 60% and if it exceeds such threshold, the part of the Nominal Value of such CRR Commercial Mortgage Loan exceeding the LTV Ratio of 60% is disregarded to such extent

#### **CREDIT QUALITY**

• Mortgage Loans where debtors are in default or past due for more than 90 days are not included in the Cover Pool
