

Smart Key activation in Business Smart Banking

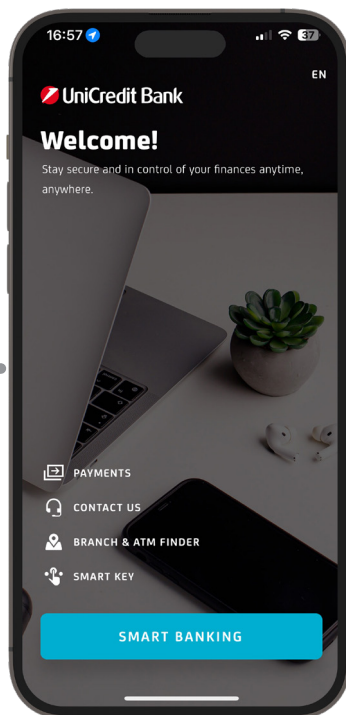

1

Download and install the app from the App Store or Google Play.

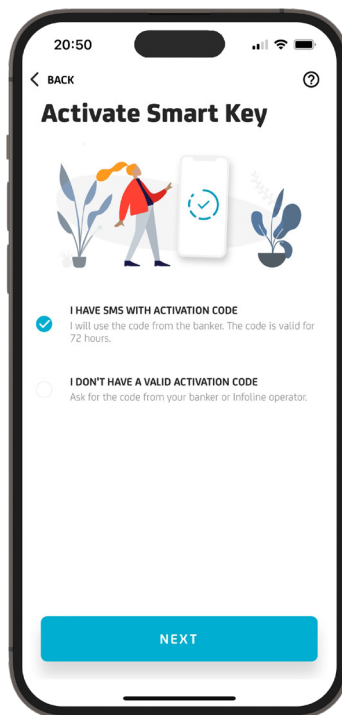

2

Select SMART KEY on the home screen.

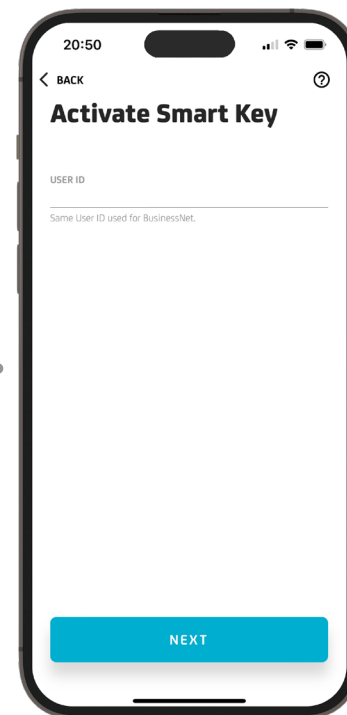

3

Activate your SMART KEY by SMS with the activation code and click NEXT.

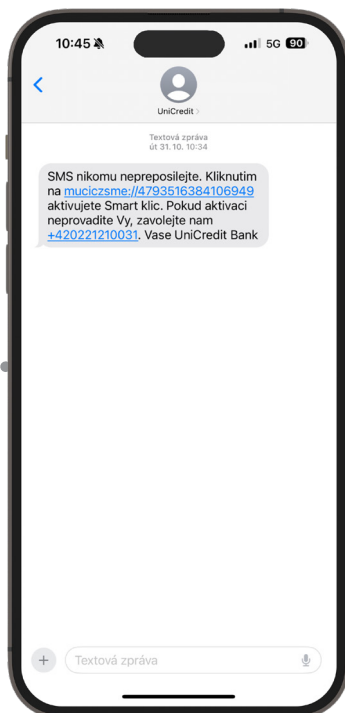

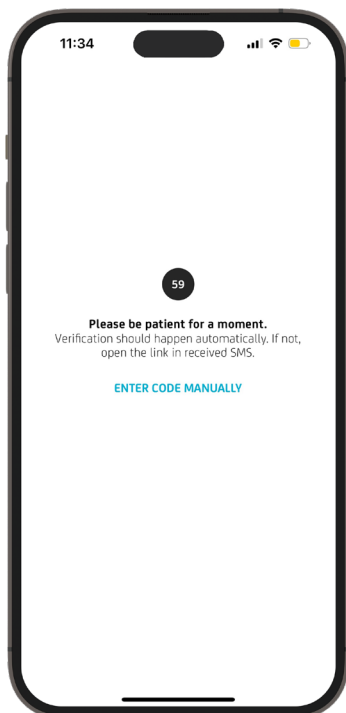

4

Fill in your USER ID, which is the same as you use for BusinessNet and click NEXT.

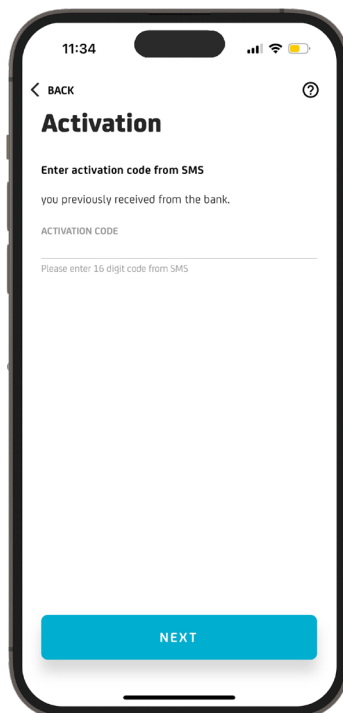

5

A verification countdown starts automatically. On Android, the activation code will be read automatically, on iOS click the link in the SMS.

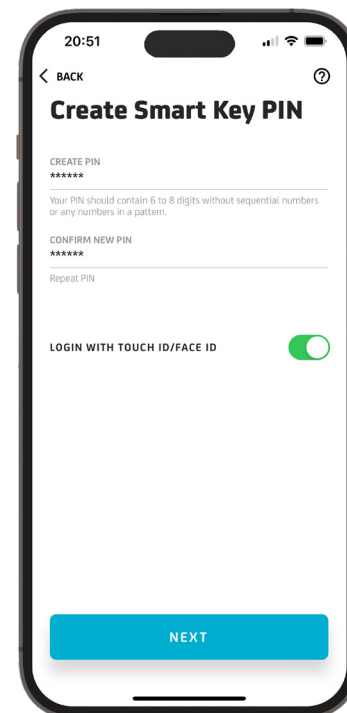

6

If you selected ENTER CODE MANUALLY in the previous step, you will be prompted to enter the activation code. Enter the activation code and click NEXT.

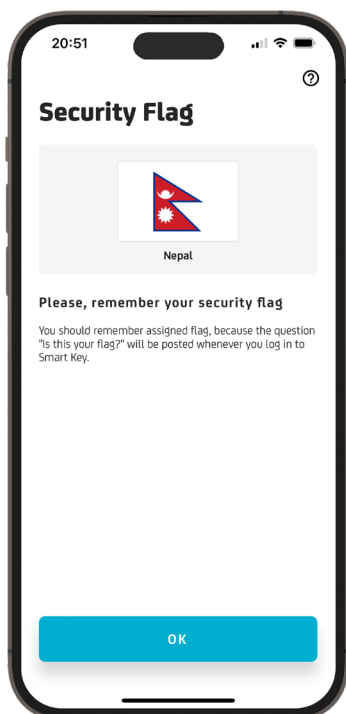

7

Choose your new PIN. You can enable the use of biometrics for logging in. Click NEXT.

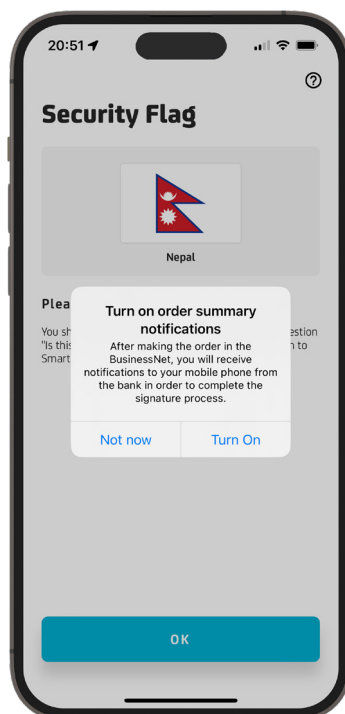

8

Remember your security flag. Click OK.

9

If you want to sign orders using a more convenient online method, turn on Notification for Signature Orders. Notifications can be turned off/on at any time in the Smart Key settings.

10

The activation was successful. To enter the SMART KEY, click LOGIN.
