The fee is always debited at the 15th day of the month following the quarter end, or, proportionately upon the contract termination. UniCredit Bank has exerted its maximum efforts at estimating the value, having based itself on the prices provided by third party depositories or by other relevant data providers operating on the market. Prices provided by third parties shall be referred to as either market prices or their estimated values. Nominal values of the held investment instruments, or, technical figure 0.000001 may be alternatively used in place of the price, as a rule where the market value or estimated value of the held investment instrument is unavailable. If the CSDP (i.e. Central Securities Depository) has included the held investment instruments in the list of issues on which no securities maintenance fee is charged, the technical figure 0.000001 shall be used without exception. Whilst UniCredit Bank considers the sources trusted and provides information obtained from them in good faith, it is nevertheless unable to guarantee and therefore assumes no liability whatsoever for such information up-to-date status, completeness and correctness and, hence, no liability for that information. The presented values and prices do not constitute an offer to sell or the solicitation of an offer to buy any of the above investment instruments.

<sup>2)</sup> The surcharge for clients who do not have an account maintained at UniCredit Bank is CZK 150 + VAT.
