*A Europayment is any payment to/from an EU or EEA country up to EUR 50,000, denominated in EUR, and meeting the following prerequisites:

- correctly entered BIC (Bank Identifier Code = SWIFT code) of the beneficiary's bank,
- correctly entered IBAN ((International Bank Account Number) of the beneficiary,
- assignment of bank charges as “SHA” (shared = fees of sending bank paid by the payer; fees of receiving bank paid by the beneficiary), and
- containing no special handling instructions.

A SEPA credit transfer must fulfil the same prerequisites as a Europayment, except for the sum amount (which is not limited). The following rules are used in charging for SEPA credit transfer: a) Payment amount up to EUR 50,000, inclusive – terms and conditions for a Europayment, b) Payment amount over EUR 50,000 – terms and conditions for a standard foreign payment. SEPA credit transfer can be executed only within the extended European Economic Area and only between banks that have acceded to SEPA.

The bank provides SEPA direct debit only for EUR accounts.

****NON-STP surcharge is applied to any foreign payment, except for cheques, if:**

- the IBAN of the beneficiary is required for such payment (e.g. payments within the EU and EEA) but is missing or incorrect;
- the BIC (the so-called SWIFT address) of the beneficiary's bank is required for such payment (e.g. payments within the EU and EEA) but is missing or incorrect (including SEPA credit transfer);
- for non-conversion payments within the EEA and in the currency of an EEA country, the client enters the assignment of bank charges as "OUR" or "BEN" (the bank will change the assignment of the bank charges to "SHA"); and
- the payment contains a special handling instruction. Such instruction is understood to be (i) use of a code word other than as defined by the bank, (ii) use of a NON-STP code word (i.e. a code word that is correct but constitutes a NON-STP processing of the payment), or (iii) entry of a code word in other than the prescribed format in an electronic banking application. The code words defined by the bank that do not cause the application of NON-STP surcharge are the following:
/RATE/, /VALUE/, /AVIZO/, /CHQB/, /KS/, /VS/, /SS/ (only for CZK-denominated transfers within the Czech Republic).

*****This fee for outgoing payments with assignment of bank charges as "OUR" shall cover fees required by the beneficiary's bank.**
